PROFILE

As a creative professional with 4 years of experience in graphic design and visual content creation, I specialize in crafting compelling designs that enhance user experiences and communicate brand stories effectively. I have strong expertise in industry-standard tools such as Adobe Photoshop, Illustrator, Premiere Pro, After Effects, and DaVinci Resolve, enabling me to create visually stunning graphics, animations, and multimedia content. Additionally, I have a solid understanding of design systems and prototyping with Adobe XD and Figma, as well as web design experience using WIX. My background in instructional design and proficiency with Articulate 360 further allow me to design engaging and interactive learning materials. I am passionate about delivering creative solutions that align with organizational goals and elevate visual communication
